

“好吧” HAO BA

Hello everyone!

Welcome back to **One Minute Chinese**. Today I want to teach you one useful phrase used in daily life. When you discuss something with partner or classmates, and you have some disagreement, and you don't want to continue this. You really want to finish this disagreement quickly. You may say “好吧，那就这样做吧”(Okay, let's do as you say so.) There is reluctance and helplessness in it. That's all for today, hope you like it. See you.

“好吧”

大家好，欢迎回到一分钟汉语学习时间，今天我要给大家分享的  
是中文当中常见的日常用语之一“好吧”，它的含义及用法。“好吧”相  
当于“行、可以”。比如当你和同学或者朋友讨论一个话题、一个课题  
的时候，你们经过很长时间的讨论都没有得到答案，你也不想再继续  
下去了。这时候你就可以说“好吧，那就这样做吧”。所以，“好吧”本  
身带有无奈和勉强的意思在里面。希望今天的分享对你有用，我们下  
次再见吧。
